Re: Client Name

To whom it may concern:

In providing the best services for individuals with visual impairments, it is necessary to serve them in an area that is convenient not only to the individual, but to the service organization as well. We recently received a referral for the above mentioned client that is in need of services regarding their visual impairment.

Because of their closer proximity to your location, we felt it would be beneficial to the client to be referred to your organization. Enclosed is the client's referral information including all paperwork that was disclosed and/or completed by Louisiana Association for the Blind (LAB) staff. Additionally, you should also find a release of information that permits LAB to share this information with you.

We appreciate your care and concern for this issue. If you have any questions regarding this client, please do not hesitate to contact us directly.

Best regards,

Nan Magness
Director
Low Vision Rehabilitation Center
