

Preparing for your Low Vision Exam

Ask about these goals and aids when you schedule your appointment.

(Fill out only if you know what these items are)

Goals

I would like to:

- read the newspaper and mail
- read recipes and food labels
- read print on pill bottles
- read books and magazines
- fill out checks and paperwork
- read food labels at the store
- read signs
- be less light sensitive
- watch TV
- do crafts/hobbies
- view plays and sports
- read music
- feel safer when driving
- Other _____

Aids

I would like to see:

- magnifiers
- reading glasses
- distance aids
- CCTV, desktop
- CCTV, portable
- Other _____

Take this list, along with examples of difficult to read items to your low vision exam. It will assist the doctor in helping you reach your goals.
